Learning Objectives

After this chapter, you will be able to

→ Understand the changes to the Texas Occupations Code (TOC) Chapter 1101 as a result of TREC’s 2019 Sunset Review.
→ Identify changes to TREC Rules §535.2, Broker Responsibility, and §535.148, Receiving an Undisclosed Commission or Rebate.
→ Give one example of how a license holder can be involved in the rule making process.

Chapter 1101 (TOC) gives TREC authority to

* Administer Chapters 1101-1102,
* Adopt and enforce rules necessary to administer those chapters, and
* Establish standards of conduct and ethics for all persons licensed under Chapters 1101-1102.

Sunset Review

As a result of the agency’s Sunset review, the 86th Texas Legislature amended Chapter 1101 in 2019 by enacting SB 624 that included changes to:

1. Require TREC to dismiss a complaint if it determines the complaint is inappropriate or without merit;
2. Require TREC to protect the identity of a complainant, to the extent possible, by excluding the complainant’s identifying information from the notice sent to the respondent;
3. Remove the Texas residency requirement for all licenses regulated by TREC and instead require license holders to have geographic competency;
4. Remove TREC’s authority to license instructors but maintain TREC’s authority over the education and experience requirements to act as an instructor for TREC approved courses, and requires providers to ensure any instructors they use meet the TREC requirements;
5. Require TREC to determine if an applicant is fit to engage in the occupations regulated by TREC in lieu of determining if an applicant’s moral character complies with licensing requirements;
6. Authorize TREC to deny a renewal in the event that the license holder is in violation of a TREC order;
7. Eliminate licensure of branch offices.

**Key TREC Rules Updates**

**§531.3 - Competency (effective 9/1/19)**

The amendments clarify the definition of competency to conform with recent changes to §535.2, Broker Responsibility, which requires brokers to ensure their sponsored agents have geographic and property-type competence.

**§535.61 - Approval of Providers of Qualifying Course (effective 9/1/19)**

The amendments add clarifying terms or timeframes for greater understanding and compliance. The amendments also provide that a provider cannot enroll students in a course 60 days before the expiration of the provider's approval, unless they have submitted an application for a subsequent approval at least 60 days prior to the expiration of the current approval. This will offer greater protection for students who enroll in courses near the end of a provider’s approval term and give providers a way to avoid any business disruption when applying for a subsequent approval.

**§535.63 - Approval of Instructors of Qualifying Courses and §535.74 - Approval of Continuing Education Instructors (effective 9/1/19)**

The amendments are made in response to the agency’s Sunset Bill, which eliminates TREC’s authority to approve real estate and inspector instructors but retains TREC’s ability to set out qualifications and standards for instructors of TREC-approved courses.

**§535.65 - Responsibilities and Operations of Providers of Qualifying Courses and §535.75 - Responsibilities and Operations of Continuing Education Providers (effective 9/1/19)**

The amendments to §535.65 adds that a provider must provide a hyperlink or URL to the TREC website when displaying exam passage rates in any advertisement. This will ensure that the consumers can verify the most current passage rate figures and related information for any or all providers. In addition, the amendments eliminate the waiting period before retesting for students who fail a course exam, leaving the decision as to remedial course work before the retest to the providers. Finally, §535.65 and §535.75 were updated to reflect the Sunset Commission Report directive that instructors of courses be approved by providers based on standards set by the Commission instead of being licensed by the Commission.

**§535.148 - Receiving an Undisclosed Commission or Rebate (effective 9/1/19)**

The amendments provide clarity about consumer protection issues when paying or receiving funds to/from other settlement service providers. A section was added to define settlement providers that mostly parallels the definition in the Real Estate Settlement Procedures Act (RESPA) for consistency with the federal law. Exemptions from the prohibition provisions were also clarified. TREC currently has a rule that includes these provisions for inspectors but not explicitly for other real estate license holders. The change provides parity for license types subject to TREC’s jurisdiction and ensures settlement provider independence. These amendments prohibit license holders from selling referrals or recommending settlement providers to their clients based solely on money or other valuable consideration received in order to ensure that license holders are upholding their fiduciary duty by putting their clients’ interest above their own financial gain.

**§535.222 - Inspection Reports (effective 9/1/19)**

The amendments clarify that the inspector does not have to deliver the inspection report until after receipt of payment for the report and reduces the delivery time after payment from three days to two.

**§533.8 - Motions for Rehearing, Failure to Attend Hearing and Default Effective (effective 5/27/19)**

The amendments clarify the methods for filing a motion for rehearing with the Commission by adding the email address and facsimile number to which a motion for rehearing may be sent.

**§535.141 - Initiation of Investigation; Order Requirements (effective 5/27/19)**

The amendments change the caption of the rule to clarify that this section also includes order requirements and clarify how the agency prioritizes complaint investigations as required in Tex. Occ. Code §1101.204.

**§535.142 - Consumer Complaint Process (effective 5/27/19)**

The new rule sets out the existing processes authorized in statute and followed by the Commission when processing and investigating consumer complaints.

**§535.2 - Broker Responsibility (effective 12/9/18)**

The amendments require a broker to designate anyone who leads, supervises, directs or manages a team in the brokerage to be a delegated supervisor. This will require that person to take a six-hour broker responsibility course as part of their required continuing education for each renewal. The timeframe when a license holder must be delegated as a supervisor was shortened from six months to three consecutive months. The term
“work files” was deleted and replace with more specific items. The rule was clarified to require the broker to ensure that a sponsored sales agent has geographic competence in the market area being served. A broker must require that a sales agent receive coaching and assistance from an experienced license holder competent for that activity, when a sales agent performs a real estate brokerage activity for the first time. In recognition of digital communications, the time frames for responding to clients, agents, other brokers, and the Commission were reduced to two and three days respectively.

§535.101 - Fees (effective 3/1/19)

The amendment reduces the fee paid by a broker or sales agent from $20 to $10 each time a sales agent establishes or changes sponsorship.

§535.155 Advertisements (effective 9/4/18)

The proposed amendments to §535.155 clarify that a sign giving directions to property for sale or lease is not considered an advertisement if it only contains the directional arrows or the directional arrows and the listing broker’s logo or name only. In addition, the word “realty” was removed from the prohibited terms set out in subsection (d)(5) to allow this word to be used at the beginning or middle of a team name.

The full text of all revised and new rules can be found on TREC’s webpage at https://www.trec.texas.gov/rules-and-laws

Licensing Related Bills Passed by the 2019 Texas Legislative Session

Listed below are six licensing related bills passed by the Texas legislature in the 2019 session that you should be aware of:

1. **HB 1342** Relating to a person’s eligibility for an occupational license; providing an administrative penalty. Effective September 1, 2019

   This bill limits the ability of a licensing authority (like TREC) to suspend or revoke a license, disqualify a person from receiving a license, or deny a person the opportunity to take a licensing exam because of a conviction of a criminal offense that does not directly relate to the duties and responsibilities. The bill adds or modifies considerations that a licensing authority has to take into account when deciding whether to revoke, suspend, or deny, like whether any elements of the crime correlate to the duties and responsibilities of the occupation and whether there is evidence of a person’s compliance with any conditions of community supervision or parole.

   A licensing authority can’t deny a person a license or the opportunity to take the exam because of a prior conviction of a criminal offense, unless the licensing authority: (i) provides notice; and (ii) allows the person at least 30 days to submit any relevant information.

2. **SB 37** Relating to a prohibition on the use of student loan default or breach of a student loan repayment or scholarship contract as a ground for refusal to grant or renew an occupational license or other disciplinary action in relation to an occupational license. Effective June 7, 2019

   SB 37 removes student loan default or breach of a student loan repayment or scholarship contract as grounds to deny a license or license renewal or to take other disciplinary action against several different types of license holders, including real estate license holders.

3. **SB 1200** Relating to the authority of certain military spouses to engage in a business or occupation in this state. Effective September 1, 2019

   Upon notice to and confirmation from the relevant Texas licensing authority, this bill allows a military spouse to use an out-of-state license to engage in a business or occupation in Texas, as long as the spouse is in good standing in the other jurisdiction and the licensing requirements are substantially similar. The military spouse can only engage in the business or occupation for the period during which their spouse is stationed in Texas, but not to exceed three years.

How Can A License Holder Get Involved in the Rule Making Process?

There are many ways a license holder can get involved:

* Bring an item to the attention of one of the Commission’s Advisory Committees or TREC staff;
* Attend a meeting of an advisory committee or the Commission where a specific issue of concern or rule is being discussed and provide input;
* Provide written comments to the Commission within 30 days after a rule is proposed but before it is adopted by emailing general.counsel@trec.texas.gov;
* Attend a meeting of the Commission when a rule is going to be proposed or adopted and provide comments in person.
* Attend a meeting of the Commission and give your thoughts on a new idea during the public comment on non-agenda items. The Commission can decide to send this idea to an advisory committee for exploration or put it on a future agenda for discussion and possible action.
4. **SB 1217** Relating to the consideration of certain arrests in determining an applicant’s eligibility for an occupational license. Effective June 14, 2019

   For the purpose of determining a person’s fitness for a license, the licensing authority can’t consider an arrest that did not result in a conviction or placement on deferred adjudication community supervision.

5. **SB 1995** Relating to the review of certain occupational licensing rules by the office of the governor. Effective September 1, 2019

   A state agency that issues a license has to submit any proposed rule change affecting market competition to the governor’s office for review and approval before the rule is adopted or implemented.

   Certain business entities, like corporations, LLPs, and LLCs are now only required to file an assumed name certificate with the Secretary of State, instead of both the Secretary of State and the county clerk.
Learning Objectives

After this chapter, you will be able to

→ Identify the statutory changes to the Seller’s Disclosure Notice and know when the new form will be required to be used.
→ Describe a negative outcome of a real estate transaction if a seller does not complete the Seller’s Disclosure Notice and attach all relevant documents.
→ Identify the best practice to perform to avoid a potential lawsuit claiming failure to disclose a material defect after the seller receives an inspection report for the property.

Statutory Changes

The Legislature made changes to the law regulating the Seller’s Disclosure Notice regarding flooding, including whether the seller’s property is located wholly or partly in a 500-year floodplain and whether the seller has ever filed a claim for flood damage (HB 3815 and SB 339, 86th Texas Legislative Session, effective Sept. 1, 2019). The Commission has updated the Seller’s Disclosure Notice (OP-H) to reflect the changes.

See Appendix A for the revised Seller’s Disclosure Notice (OP-H) effective September 1, 2019.

Selecting the Seller’s Disclosure Notice

Exercise caution for your brokerage and your sellers when selecting which seller’s disclosure notice to provide for the seller to fill out. The TREC Seller’s Disclosure Notice is the minimum required by law and mirrors the provision in the Property Code. Other types of seller’s disclosure notices exist in some marketplaces within the state of Texas; those are created and provided to members of certain local or state trade associations. When using a seller’s disclosure notice that requires other forms to be attached, such as an “on site sewer facility” disclosure for a property with a septic system, be certain that the seller understands the risks involved if they fail to disclose all the information required by the additional document, and actually attach the additional document.

Regardless of what notice a seller selects to use, remember that a seller is in violation of the Deceptive
Inspection Reports: Sellers and Future Buyers

What if a seller receives an inspection report? Must they disclose it to future buyers?

What happens if a seller receives a copy of a recent inspection report? Must they share it with a future buyer? The scenario is not uncommon. The seller lists their home. A buyer submits a contract with an option period. The seller accepts. During the option period, an inspection is conducted. The inspection reveals something unacceptable to the buyer, who subsequently backs out. The buyer's agent sends the inspection report to the seller's agent as an explanation. If a seller's agent receives a copy, the agent must give it to the seller, as it is material information related to the transaction. As such, must it be shared with future buyers as part of the seller's disclosure?

It's been said: “disclose, disclose, disclose.” Texas Property Code §5.008 outlines how. The statute, which is intended to be a minimum requirement, does not specifically require inclusion of copies of recent inspection reports. TREC has an approved Seller's Disclosure Notice that mirrors the language of the statute and does not require recent inspection reports to be included. Many trade organizations have their own seller's disclosure notices, some with added provisions intended to reduce risk for a seller, including a directive to list any written inspection reports received within the past four years and to attach copies. Some brokerages also have their own recommended forms.

So must the seller share a copy of the inspection report? No. HOWEVER, they must disclose all knowledge of the condition of the property. Property Code §5.008 requires that the notice be completed to the best of the seller's belief and knowledge as of the date the notice signed by the seller. While the statute does not require the seller to update any disclosure once an inspection is received, the seller should do so to ensure that any future buyer is made aware of newly revealed conditions. TREC's Canons of Professional Ethics and Conduct require “a real estate broker or sales agent …to exercise integrity in the discharge of the license holder's responsibilities, including employment of prudence and caution so as to avoid misrepresentation, in any wise, by acts of commission or omission.” One could easily argue that by not advising a client to update the Seller's Disclosure Notice, a license holder is omitting material facts the buyer has a right to know. As such, the seller should be instructed to update the Seller's Disclosure Notice for any future buyer to include all that was learned from the inspection report.

Aflalo v. Harris - A Civil Case in Dallas County

Aflalo sued Harris for breach of contract, alleging Harris untimely terminated a contract. Harris (buyer) entered into a One to Four Family Contract with Aflalo (Seller) for $1,450,000 with $10,000 in earnest money, executed on November 20, 2015, with closing scheduled for December 18, 2015.

The contract provided for the seller to provide a seller's disclosure notice within 3 days of the effective date. On November 20th, the seller provided the trade association seller's disclosure document to the buyer and answered “yes” my property is in a floodway. In addition, the seller wrote in “I have flood insurance, my lender told me it was recently added to a flood area”. The seller did not provide an additional document with more information regarding the flood area that the seller's disclosure notice used required.

On November 24th (one day after the 3 day period), the buyer’s agent requested this missing attachment form from the seller’s agent. The seller did not respond.

On the day before closing, Harris gave notice they were terminating the contract. The seller relisted his property and made a demand to Harris to perform according to the contract.

Three weeks later, Aflalo sued Harris for breach of contract seeking specific performance. The seller said he timely provided the seller's disclosure notice and the buyer could have backed out timely, however waited until the day before closing. Harris filed a counter claim for declaratory judgment saying Aflalo failed to provide the notice since the additional document required by the seller's disclosure document used by Aflalo was not provided.

Following a bench trial, the court awarded Harris $140,000 in attorney fees. Aflalo appealed. The appellate court reversed the trial court decision in favor of Aflalo. Harris has appealed to the Texas Supreme Court.

Note: the seller has sued the listing broker and that case is on hold while this case is put forward.

As of June 2019, this case is ongoing.

Trade Practices Act if the seller withholds material information concerning the property in an effort to induce the buyer to buy the house.
A best practice to avoid a potential lawsuit claiming failure to disclose a material defect against both the seller and the broker, is to include a copy of the prior inspection report with the Seller’s Disclosure Notice and provide both by attachment in the Multiple Listing Service entry or other advertising platform. If the seller repairs or corrects any of the items on the inspection report, include invoices, receipts, and any warranties with the Seller’s Disclosure Notice, as well.

**When is a Seller’s Disclosure Notice NOT required?**

Disclosing defects of a property is required in all real estate transactions. Doing so using the Seller’s Disclosure Notice, however, is only required when transferring residential real property with only one dwelling unit except:

1. pursuant to a court order or foreclosure sale;
2. by a trustee in bankruptcy;
3. to a mortgagee by a mortgagor or successor in interest, or to a beneficiary of a deed of trust by a trustor or successor in interest;
4. by a mortgagee or a beneficiary under a deed of trust who has acquired the real property at a sale conducted pursuant to a power of sale under a deed of trust or a sale pursuant to a court ordered foreclosure or has acquired the real property by a deed in lieu of foreclosure;
5. by a fiduciary in the course of the administration of a decedent’s estate, guardianship, conservatorship, or trust;
6. from one co-owner to one or more other co-owners;
7. made to a spouse or to a person or persons in the lineal line of consanguinity (kinship) of one or more of the transferors;
8. between spouses resulting from a decree of dissolution of marriage or a decree of legal separation or from a property settlement agreement incidental to such a decree;
9. to or from any governmental entity;
10. of a new residence of not more than one dwelling unit which has not previously been occupied for residential purposes; or 
11. of real property where the value of any dwelling does not exceed five percent of the value of the property.

Texas Property Code §5.008(e)
What is my level of flood risk?

There are ways to find out what level of risk a property has with respect to riparian or coastal flood sources. No property is completely without risk, as anywhere it can rain, it can flood. You can go online to the FEMA website (MSC.FEMA.gov) and enter the address of the property. Go to https://msc.fema.gov/portal/search, this allows you to interactively visualize the property and surrounding areas in terms of zones designating 1 and 0.2-percent-annual-chance zones (areas of high and moderate risk of coastal or riparian flooding). This can be accessed on mobile devices and may be a useful tool to discuss with clients. In addition, this site will allow you to find a FIRM map (Flood Insurance Rate Map). The FIRM maps are huge, but you can print out a FIRMETTE, which is letter size. While not all properties require flood insurance, it might be helpful to your clients and customers to look at adding this to their policy. Properties outside of the Special Flood Hazard Area can still flood and are often eligible for Preferred Risk Policies. Encourage them to contact an insurance agent quickly to determine coverage for water or flood damage issues. Maps may change periodically for a variety of factors like new development, weather conditions and erosion. When they do change insurance requirements, that’s where the FIRM map can help. You can also get this information from some of the tax sites.

See Appendix B for the brochure, “Help Clients Protect Their Investment: Questions & Answers About Flood Insurance for Real Estate Professionals” from FEMA and the National Flood Insurance Program.
Municipal Utility Districts

If a property is located within a Municipal Utility District (MUD), the seller is required by the Texas Water Code, as well as the TREC contracts, to provide to a buyer prior to the buyer entering into a sales contract a notice regarding the MUD in which the property is located. The notice provides information regarding the tax rate, bonded indebtedness, and standby fee, if any, of the MUD.

Municipal Utility District notices are found in Chapter 49 of the Texas Water Code.

Municipal Utility Districts (MUDs) and the Law

Chapter 49 of the Texas Water Code says IF a person is selling a property that is in a district created under the Texas Water Code or by an act of the legislature to provide certain utilities such as water, sanitary sewer, drainage and flood control and any of these services or facilities have been financed with bonds that are payable by the persons who live in the district, THEN the seller must give notice to the buyer of those potential fees for owning this property. Furthermore, the law says the notice must be given to the buyer prior to the buyer entering into a contract OR as an addendum to the contract at the time the contract is negotiated. If the notice is not timely provided, the buyer can terminate the contract at any time.

In other words, there is NO binding contract if such required notice is not acknowledged by the buyer at or prior to executing the contract! Giving the notice after the contract is executed does not eliminate the buyer’s right to terminate the contract any time prior to closing. However, the law does provide that if the seller furnishes the required notice after the contract is executed but at or prior to closing and the purchaser elects to close even though such notice was not timely furnished prior to execution of the contract, “it shall be conclusively presumed that the purchaser has waived all rights to terminate the contract and recover damages or other remedies or rights under the provisions of this section.”

Remember: when a license holder takes a listing, which is serviced by a MUD, this form should be filled out by the seller at the time of listing and provided to the buyer at or before a contract to purchase is signed. Determining the information that should be filled out on the form is a job for the seller. They should contact the MUD and obtain the required information, fill out the form and provide it to the listing agent as soon as possible. MUD districts should have the form available, if not, the agent could direct the seller to Chapter 49.452 of the Texas Water Code where this can be found in statute.

See Appendix C for Texas Water Code Chapter 49.452, Notice to Purchasers.

Example of a Notice to Purchaser Form

“The real property, described below, that you are about to purchase is located in the _________ District. The district has taxing authority separate from any other taxing authority and may, subject to voter approval, issue an unlimited amount of bonds and levy an unlimited rate of tax in payment of such bonds. As of this date, the rate of taxes levied by the district on real property located in the district is $_________ on each $100 of assessed valuation. If the district has not yet levied taxes, the most recent projected rate of tax, as of this date, is $_________ on each $100 of assessed valuation. The total amount of bonds, excluding refunding bonds and any bonds or any portion of bonds issued that are payable solely from revenues received or expected to be received under a contract with a governmental entity, approved by the voters and which have been or may, at this date, be issued is $_________, and the aggregate initial principal amounts of all bonds issued for one or more of the specified facilities of the district and payable in whole or in part from property taxes is $_________.

“The district has the authority to adopt and impose a standby fee on property in the district that has water, sanitary sewer, or drainage facilities and services available but not connected and which does not have a house, building, or other improvement located thereon and does not substantially utilize the utility capacity available to the property. The district may exercise the authority without holding an election on the matter. As of this date, the most recent amount of the standby fee is $_________. An unpaid standby fee is a personal obligation of the person that owned the property at the time of imposition and is secured by a lien on the property. Any person may request a certificate from the district stating the amount, if any, of unpaid standby fees on a tract of property in the district.

“The district is located in whole or in part in the extraterritorial jurisdiction of the City of _________.
Hydrostatic Testing

What is hydrostatic testing? Do I need to do it? I've heard it can damage the pipes and cost thousands of dollars!

A hydrostatic test is a way in which pressure vessels such as pipelines, plumbing, gas cylinders, boilers and fuel tanks can be tested for strength and leaks. The test name HYDRO refers to potable domestic, clean fresh water and STATIC is for sanitary or sewer.

There are three tests home inspectors are NOT allowed to do: a sewer test, water test or a gas test. Plumbers can do these tests for the buyer. The testing most agents and buyers are really looking for is a water or sewer leak test. This test does not pump pressure into the pipe systems, instead it is a fill-and-hold test. The plumber will run an inflatable ball into the clean out pipe or toilet pipe simulating a stoppage. Next, the system is filled with water until it reaches the slab or grade level. This may take 10 to 30 minutes. The water is then shut off at the main. Your home is created to have a sealed system. The system is watched for 20 minutes to see if the water drops. If the water drops, there may be a leak. Depending on how far down the water drops it may be a clue as to which fixture has the issue: a tub, a toilet or the main. If you utilize a camera, it will give a view of holes, tree roots, disconnects or “bellies” which are dips from settling and could hold solids creating clogs. It most likely will not show you a leak. To do a water pressure test, they may unhook the washer and connect a gauge to see if the pressure drops. It is not unusual to have water pressures ranging from 60 to 80 PSI (potable fresh water) depending on the time of day or the area of Texas where you live. Pressures will spike in the morning as people are preparing for the workday. It may drop for the rest of the day until everyone arrives home for the evening. This test is 10 to 20 minutes and can detect a leak in the hot water as well. Pier and beam homes are done a bit differently. Since there is a crawl space, you may visually see leakage after filling the system. The fresh water pipes are attached just below the subfloor with pipe fingers.
Currently, there are no promulgated forms for plumbers to use with consumers for these tests. The Texas State Board of Plumbing Examiners is responsible for licensing, testing, and plumbing codes and have authority over plumbers. The damages that could occur are usually not caused by pressure, but rather weight. A gallon of water is a bit over 8 lbs. – when you fill the home system to full that could create weight on the pipes. If they are suspended, attached or weighted in the soil, that “filling” could create an issue. You could have a separation or “bellies” with the additional weight. Interesting facts about materials used dependent on year:

**1954-1971** Clay in yard, cast iron in house. Issues could be the “union” or joining of pipes, collapse, or tree roots.

**1971-1984** Cast iron in both yard and house. Since you have water running through metal, issues can include rust and deterioration of whole sections. The “union” process was a bell flare pressing into the other.

**1984-Current** PVC in yard and house. This is a glue and primer “union” system. PVC had different grades 20, 40, 80 describing their guess of service life in years.

As per the requirements in the TREC contracts in Paragraph 7, Property Condition, you must get permission to perform the test. TREC does provide a promulgated form TREC 48-0 Addendum for Authorizing Hydrostatic Testing.

See Appendix D for the Addendum for Authorizing Hydrostatic Testing.
Learning Objectives

After this chapter, you will be able to

Changes to Promulgated Forms

While more substantial changes were proposed in 2019, at its November 2019 meeting, the Commission accepted the Broker Lawyer Committee’s recommendation to withdraw all proposed amendments with two exceptions. These exceptions included changes to the Third Party Financing Addendum and the Addendum for Authorizing Hydrostatic Testing.

* The Third Party Financing Addendum is amended to clarify that the three-day notice requirement in does not apply to Paragraph 4 and the “time is of the essence” language was moved to the body of Paragraph 2 for clarity.

* The Addendum for Authorizing Hydrostatic Testing is amended to include a reference to the scope of hydrostatic testing in the top sentence.
AND, as a reminder to those who took the last Legal Update courses early in the cycle:

**Notice of Buyer’s Termination of Contract** (effective March 1, 2019)

Changes include:

* New requirements when the election to terminate is due a lender’s determination that the property condition is not satisfactory;
* Option to terminate under the Addendum Concerning Right to Terminate Due to Lender’s Appraisal;
* Option to terminate under paragraph 6.D. when objections to title or survey are not timely cured.

**Notice of Seller’s Termination of Contract** (effective August 13, 2018)

A new notice was adopted for sellers to use to give notice of termination under rights granted under the mandatory contract forms or addenda (see revised Paragraph 5).

**Third Party Financing Addendum** (effective March 1, 2019)

Clarifying revisions were made to this addendum in Paragraph 2B, Property Approval, to include a timeframe for buyer to give seller notice and evidence of the lender’s determination regarding the loan due to property condition.

Settlement statements were added to the authorization to release information paragraph. It was also reformatted to be consistent with other Commission promulgated addenda.

**One to Four Family Residential Contract (Resale) Paragraph 2**

Paragraph 2 is still evolving because of the way we live today and the SMART home. Paragraph 2 talks about **IMPROVEMENTS (2B) PERMANENTLY INSTALLED and BUILT IN ITEMS and ACCESSORIES (2C)** - these things should remain with the property. How is it determined if it stays? We first must understand the legal tests of a fixture (real property) versus personal property. The main question is what was the intent of installation? Was it meant to remain permanently or to be removable in the future?

The courts use the “**TRIPLE A**” method:

**Annexation** – can it be removed without causing damage?

**Adaptation** – is it customized for the property or is it standard?

**Agreement** – what was their intention?

Before an agent lists a property, the agent should ask the seller if they intend to leave certain items or if they will be removing them. If removing them, the agent should list those items on **2D EXCLUSIONS**. The agent could take page 1 of the contract and highlight Paragraph 2 as a talking point. Many issues that come up today relate to décor and tech items sellers want to take to the new property. An agent must work out how this property will be handled. A best practice is to replace or remove the item before the house is shown to prospective buyers so a buyer does not assume it will stay. If the property is too large or the seller has no place to store it, like an antique chandelier, the agent should make sure to call it to the buyer’s attention during their tour of the house that the item will not stay. When **EXCLUSIONS** exist, there are three times they need to be included in the transaction: on the listing agreement, in the MLS, and on the contract. **If it is NOT in the contract - it will NOT happen.** When touring the home with the buyer and the buyer wants an item, the agent should make sure to clarify if it will stay with the house. The agent can utilize the NON REALTY ITEM ADDENDUM (TREC OP-M) and attach pictures for clarity. Alternatively, if the MLS remarks state, “seller will leave washer and dryer” it will need to go on a NON-REALTY ITEM ADDENDUM. Without the addendum, the seller may assume the buyer does not want the items. For clarity, everything needs to be in writing and not assumed. Agents have a responsibility to make sure the client’s wishes are followed. Note that most of the items listed in paragraph 2 came from previous court cases.

There are many examples of property that require clarification as to whether they will stay with the house.
Outdoor kitchen items are a good example. A grill may be removable or easily unhooked and detached, same with a small fridge or wine fridge. While the items may leave an open space, the agent needs to determine whether these items will go or stay. Garage décor cabinets are another example because they could stay or be removed. The buyer may be thinking this will be great for storage only to find upon move-in the cabinets are gone. Consider the rose bush the seller’s grandkids gave to her every Mother’s Day – she is not going to leave those! Yet according to paragraph 2, they stay. The fruit trees that the buyer thought would be great for canning and holiday goodies could be replaced with a regular tree. Similarly, the seller could replace the entry door keyless lock with a KwikSet lock. The door with the doggie entrance just the right size for the buyer’s dog may be replaced with a regular screen door. The pool sweep, nets and brushes the seller just bought can be used at their new home, so the seller took them. Yes, these have really happened!

Smart Homes

With new technology comes new issues. The agent should ask the sellers if they will be leaving their home technology devices. Items to consider include smart doorbells, keyless entry, garage openers, alarms, camera systems, thermostats, speakers (Alexa, Google Home etc.), appliances, robot vacuums and items that are installed like outlets, switches, and lighting (bulbs too).

Many things work with a HUB feature appliance and if taken – nothing works. The agent should include a seller checklist for move out and a buyer checklist for move in as a reminder. Remember that these devices collect data - YOUR CLIENT’S DATA - and the agent should have their client “consciously uncouple” from them. These devices should be set to factory settings prior to move out. Remember, if the seller leaves the Smart TV as a “gift” their information may be held in the Netflix or Amazon Prime features. Don’t let a client’s data get used to purchase movies for the new buyer. Many devices can be operated remotely and if the seller still controls the device, the new buyer may be in for a surprise. These conversations will alleviate any misunderstandings, putting everyone on notice regarding what needs to stay for functionality. It’s all about disclosure and setting expectations. (Remember paragraph 2.)

If inspectors will need access to these systems, make arrangements for them to have access.

Paragraph 6, Objections:

This paragraph frequently includes redundant references to “sole residence” or “single family residential use.” That is a given as the form is named the “ONE TO FOUR FAMILY RESIDENTIAL Contract.” This blank can be used for so much more to protect the client. The agent should ask the buyers, “What do you plan to do, add, have, bring or run out of this property?” For example, the buyer desires to have an amazing in-ground gunite pool with a cove and swim-up bar. A particular home and lot seem to be perfect. The survey comes back showing that right down the middle of the lot is a gas line that will prevent any digging. Will this keep the buyer from buying? YES, it is the buyer’s desire to have the pool and the pool will not be able to be built on the lot. This would give the buyer an out of the contract. The contract states, “Buyer may object in writing to defects, exceptions, or encumbrances to the title: disclosed on the survey other than items 6A(1) through (7) above; disclosed in the Commitment other than items 6A(1) through (9) above; or which prohibit the following use or activity:________.” That blank gives the buyer opportunity to object if the client wants to add a structure or pool, have an exotic pet or raise chickens, bring their RV or big truck to the property, run a day care, beauty shop or group home, and that use or activity would be prohibited. What does the investor do with purchased property—he rents it! SO, this blank allows the stipulation that they can do as they desire with the property. Examples of descriptions could include “in-ground gunite pool” or “raise chickens,” “potbelly pig pet,” “RV on property,” “day care,” or “IMMEDIATE rental occupancy.” Consider grandfathering, as well – perhaps it is okay for this owner to have horses, but the next will not be allowed, so one might consider adding “horses allowed on the property.”

The second part to the paragraph relates to the timeframe to object. The contract states, “Buyer must object the earlier of (i) the Closing date or (ii) ___ days after the Buyer receives the Commitment, Exception Documents, and the survey. Buyer’s failure to object within the time allowed will constitute a waiver of Buyer’s right to object; except that the requirements in Schedule C of the Commitment are not waived by Buyer.”

The third part to the paragraph relates to the seller’s duties after a written objection. The contract states, “Provided Seller is not obligated to incur any expense, Seller shall cure any timely objections of the buyer OR third-party lender within 15 days after the Seller receives the objections (CURE PERIOD) and the Closing Date will be extended as necessary.”

The fourth part to this paragraph relates to the buyer’s decision and states, “If objections are not cured within the Cure Period, Buyer may, by delivering written notice to the Seller within 5 days after the end of the Cure Period: (i) terminate this contract and the earnest
money will be refunded to Buyer; or (ii) waive the objections. If Buyer does not terminate within the time required Buyer shall be deemed to have waived the objections.”

The fifth part of this paragraph discusses new discovery or changes, and states, “If the Commitment or Survey is revised or any new Exception Document(s) is delivered, Buyer may object to any new matter revealed in the revised Commitment, Survey or new Exception Document(s) within the same time stated in this paragraph to make objections beginning when the revised Commitment, Survey or Exception Document(s) is delivered to the Buyer.”

The agent should have documentation for the buyer to view, and there is a 15-day CURE PERIOD with a 5-day decision period. If new documentation comes in, the buyer has the same number of days to object to the new item.

Cure Period Example

A title commitment is issued with an exception to a deed restriction that prohibits having farm animals on the property. The buyer has specifically noted under paragraph 6D that he wants to raise chickens in the backyard. The buyer timely objects to the deed restriction. Timeframes start running for this particular objection.

Ten days later, the commitment is revised with an exception that fences are off the property line as shown on the survey. The buyer timely objects to the exception as to fences being off the property line. The seller has the surveyor come back out to the property and the survey is revised to show the fences are not off the property line. The exception is removed from the title commitment within the 15-day cure period.

The buyer terminates the contract within 5 days of receipt of the revised commitment because the objection to the deed restriction had not been cured. The buyer has waived the objection to the deed restriction because the buyer did not terminate the contract within 20 days of the objection to the deed restriction.

Effective Date

What do you do if you get a contract back with no Effective Date, do you still have a valid contract? The answer is YES you do, BUT it may take a judge to define the starting time for all the deadlines in the contract and their performance timelines. The rule is after acceptance and notification, the last broker who touches it fills in the Effective Date. The Effective Date is the date of final acceptance of all parties.

There are four elements that must be satisfied for final acceptance to take place:

1. The final contract must be in writing;
2. The buyer and seller must sign the final contract,
According to Rule §535.146(b)(3), “Unless a different time to deposit trust money is expressly agreed upon in writing by the principals to the transaction, any trust money received by the broker must be deposited in a trust account or delivered to an authorized escrow agent within a reasonable time, which the Commission has determined to be not later than the close of business of the second working day after the date the broker receives the trust money.”

Be responsible when it comes to the option money and its receipt.

**Additional Option Period:**

If the parties to the contract wish to extend the option period, TREC form 39-8, Amendment to Contract, should be used. The Amendment should be signed before the end of the original option period. Just as with the original option period, a fee must be paid for the additional option period for it to be effective. You should note that the Amendment form states that the additional option fee has been paid to the Seller. Make sure payment of the additional option fee takes place when the Amendment is signed. There is no time frame for future delivery.

**Option Money**

In the One to Four Contract, paragraph 23 is the termination option. It states that the buyer agrees to pay the seller a fee and must deliver it within 3 calendar days after the effective date. This gives the buyer the unrestricted right to terminate within the timeframe agreed in the second blank by giving notice before 5pm on the last day. If the buyer fails to deliver the money, there is no option and cannot terminate under that paragraph. If the buyer does deliver the option money and terminates within the timeframe set out in the paragraph, the option money is kept by the seller, but the earnest money is refunded to the buyer. If there is no termination by the buyer, the option fee may be credited to the buyer at closing depending on which box is checked in the contract. **Time is of the essence** for compliance, and timelines must be faithfully followed! This also holds true if you are writing a backup offer. Remember if you never become primary, the option money is still retained by the seller.

When it comes to delivery, there seems to be some confusion. On page 10 of the contract, it plainly says the option fee receipt must be signed by the **Seller or Listing Broker**. Do not leave it at the title company, it is not for them to hold nor receipt. Your buyer or you may take it to the office of the listing broker, if their policy allows for receipt by the front desk. There may be a need to drive and meet the other broker somewhere to receipt and deliver. You or the buyer may need to deliver it to the seller directly and have them sign the receipted page. There are also some quick electronic methods of delivery – GoOptionPay™, Zelle®, Venmo, Zoccam® to name a few. Deliver it in a timely fashion to protect your client.
Learning Objectives

After this chapter, you will be able to

→ Explain when a license holder must use a TREC promulgated form.
→ Identify what license holders can and cannot do concerning unauthorized practice of law.
→ Give examples of statements intended for paragraph 11 (Special Provisions) that could constitute unauthorized practice of law.

Under Sec. 1101.654 of the Texas Occupations Code, a license holder can be suspended or a license revoked for the unauthorized practice of law. The statute describes the practice of law as drafting “an instrument that transfers or otherwise affects an interest in real property,” or advising someone regarding “the validity or legal sufficiency of an instrument or the validity of title to real property.” The statute goes on to state that it is not considered the unauthorized practice of law for a license holder to complete a contract form:

| (1) adopted by the commission for the type of transaction for which the form is used;  
| (2) prepared by an attorney licensed in this state and approved by the attorney for the type of transaction for which the form is used;  
| (3) prepared by the property owner or by an attorney and required by the property owner.”

The underlined language is fairly broad, so the Commission set out some additional detail in TREC Rule §537.11. Subsection (a) sets out the requirement that the license holder use forms adopted by the Commission if there is one for that type of transaction. Effective May 2018, it specifically details what must be included in a form prepared by an attorney or trade association in order for a license holder to use that form with a client. Subsections (b)-(e) provides more guidance on what is or is not the practice of law.

§537.11 - Use of Standard Contract Forms

(b) A license holder may not:
   (1) practice law;
Chapter 5

(2) directly or indirectly offer, give or attempt to give legal advice;
(3) give advice or opinions as to the legal effect of any contracts or other such instruments which may affect the title to real estate;
(4) give opinions concerning the status or validity of title to real estate;
(5) draft language defining or affecting the rights, obligations or remedies of the principals of a real estate transaction, including escalation, appraisal or other contingency clauses;
(6) add factual statements or business details to a form approved by the Commission if the Commission has approved a form or addendum for mandatory use for that purpose;
(7) attempt to prevent or in any manner whatsoever discourage any principal to a real estate transaction from employing a lawyer; or
(8) employ or pay for the services of a lawyer, directly or indirectly, to represent a principal to a real estate transaction in which the license holder is acting as an agent.

(c) This section does not limit a license holder’s fiduciary obligation to disclose to the license holder’s principals all pertinent facts that are within the knowledge of the license holder, including such facts which might affect the status of or title to real estate.

(d) It is not the practice of law for a license holder to fill in the blanks in a contract form authorized for use by this section. A license holder shall only add factual statements and business details or shall strike text as directed in writing by the principals.

(e) This section does not prevent the license holder from explaining to the principals the meaning of the alternative choices, factual statements and business details contained in an instrument so long as the license holder does not offer or give legal advice.

Still not enough clarity? Here are some pointers recycled from last year’s Broker Responsibility Course with some extra notes added.

What License Holders Can Do:
* Disclose all relevant facts that you know, including such facts that might affect the status of or title to real estate; [the fact that an owner recently died and that could affect title should be disclosed, but not your opinion as to how that will affect the title]
* Fill in the blanks in a contract form authorized for use by license holders under TREC Rules §537.11;
* Add factual statements and business details or shall strike text as directed in writing by the principals on a contract form approved by the Commission; [this does not include dictating to your client what to write – be sure to retain a copy of the email or other writing the buyer/seller gave to you regarding alterations to the contract form]

* Explain the meaning of the alternative choices, factual statements and business details contained in an instrument to your client [be specific but if you start talking about “what if”, “but” or “when”, you could be crossing the line into giving legal advice or opinions. Also, do not explain forms that are not promulgated by TREC, this includes Builder contracts and REO and relocation addenda].

What License Holders Cannot Do:
* Directly or indirectly give or attempt to give legal advice; [“Well if it were me, I would…” could mean you are indirectly attempting to give legal advice.]
* Give advice or opinions as to the legal effect of any contracts or other such instruments which may affect the title to real estate; [“This isn’t worth the paper it is written on. It’s not enforceable.”]
* Give opinions concerning the status or validity of title to real estate; [That’s why you have title companies and attorneys]
* Draft language defining or affecting the rights, obligations or remedies of the principals of a real estate transaction, including escalation, appraisal or other contingency clauses; [There are many different approved addenda that deal with contingency situations so you don’t have to get in this situation]
* Add factual statements or business details to an approved contract form if the Commission has approved a separate addendum for that purpose [Use the addenda and stay out of trouble].

Unauthorized Practice of Law Pop Quiz

Ultimately, a judge (SOAH and civil) will decide whether some action or writing was the unauthorized practice of law. In the meantime, let’s take a pop quiz and see if you can identify it when you see it (and hopefully before you write it in Special Provisions)! By the way, these are all actual provisions license holders have put in Special Provisions.
Unauthorized Practice of Law examples from recent TREC Cases:

Case 1
Sales agent created a lease purchase document by starting with a lease agreement and then writing her “contract terms” into paragraph 26 of the lease. (Agreed Orders for both the agent and the designated broker.)

Case 2
Sales Agent #1, Bob, represented Seller. When a buyer expressed interest in purchasing Seller’s property for $150,000, Sales Agent 1 contacted another agent in his brokerage, Sales Agent #2, John, and offered him $500 if he would put his name in a contract as Buyer’s agent. Bob prepared the contract documents, and without consulting with his broker, prepared a notice of intermediary appointment, appointing himself as seller’s agent and Sales Agent #2, John, as Buyer’s agent. He also prepared an addendum that stated in part: Seller agrees to refund for requested upgrades and repairs the amount of 70% over appraisal of 155,000. Should the property not appraise above $150,000.00 there will be no seller contributions and no refund of any amounts. This agreement is outside of closing and done as a security for all parties involved. Appraisal came in at $135,000, Seller was furious and felt Sales Agent #1, Bob, favored the buyer. (Agreed orders for both agents and the broker.)

Case 3
Broker wrote her own “As-Is Clause” for a deal on her own letterhead. (Advisory Letter)

Case 4
A brokerage company was the owner/seller and had prepared their own addendum that they required for their sale transactions that dovetailed with the provisions of the standard 1-4 family resale contract form. Another license holder complained that the form did not address the lengthy list of “prepared by an attorney” requirements of 537.11(a)(4). However, since the brokerage company was the owner of the property, they fit under the exception in 537.11(a)(3) – a form or addenda prepared by a property owner or prepared by a lawyer and required by a property owner. (No violation)
Learning Objectives

After this chapter, you will be able to

→ Given the HUD recommendations, list what may not be considered when using a criminal history during the tenant screening process.
→ Identify the law that protects tenants from eviction due to foreclosure on the property the tenants occupy.
→ List the items that should be included in an adverse action notice.

Use of Criminal History

The Fair Housing Act prohibits discrimination in the sale and rental of housing based on race, color, national origin, religion, sex, familial status, and disability. A housing provider can violate the Fair Housing Act by either intentionally discriminating against a member of a protected class or by engaging in practices that have a discriminatory effect on members of a protected class, even if not intentional.

In April 2016, the U.S. Department of Housing and Urban Development (HUD) issued a warning to landlords and agents on the use of criminal records during the tenant screening process. According to HUD, African Americans and Hispanics are arrested, convicted, and incarcerated at rates disproportionate to their share of the general population. While having a criminal record is not a protected characteristic under the Fair Housing Act, HUD said, criminal history-based restrictions may violate the Act if, without justification, their burden falls more often on applicants or tenants of one race or national origin over another.

If a landlord chooses to consider an applicant’s criminal history, HUD made a few things clear:

* Don’t consider prior arrests, only convictions
* Don’t have a blanket prohibition on individuals with a prior conviction
* Do consider the nature and severity of the conviction and ask yourself, does this relate to the safety of residents, the safety of property, or the ability to be a good tenant?
If using consumer reports in the tenant screening process, landlords and their agents must comply with the federal Fair Credit Reporting Act (FCRA) and Federal Trade Commission (FTC) rules, along with provisions in the Texas Business and Commerce Code. Under both state and federal law, if the landlord takes an adverse action based even partly on information in a consumer report, the landlord must provide the person notice.

**What is an adverse action?**

An adverse action is any action taken by a landlord that is unfavorable to the interests of a rental applicant or tenant. Examples include:

* Denying the lease application
* Requiring a co-signer on the lease
* Requiring a larger deposit
* Raising the rent

**What must an adverse action notice include?**

An adverse action can be made orally or in writing; however, compliance may be easier to demonstrate if in writing. In addition to stating what adverse action was taken, the notice must include:

* The name, address, and phone number of the consumer reporting agency that supplied the report (including a toll-free telephone number of the agency, if applicable);
* A statement that the company that supplied the report did not make the decision to take the unfavorable action and can’t give specific reasons for it; and
* A notice of the person’s right to dispute the accuracy or completeness of any information the consumer reporting company furnished, and to get a free report from the company if the person asks for it within 60 days.

If the consumer report on which the adverse action was based contained a credit score, the landlord must also provide a rental applicant or tenant a written disclosure of any credit score used by the landlord in taking any adverse action based on information in a consumer report, as well as the following information:

* the range of possible credit scores;
* key factors that adversely affected the credit score;
* the date the credit score was created; and
* the name of the person or entity that provided the credit score.

**Can a tenant receive the copy of the consumer or credit report used by the landlord or property manager?**

Both the FCRA and Texas law state that a consumer reporting agency cannot prohibit a landlord or property manager from sharing the contents or providing a...
copy of the report, if an adverse action has been taken. However, there is no requirement in state or federal law that a landlord or property manager must provide a copy of the report to the tenant. Tenants are entitled to receive a free copy of the report, however, directly from the credit reporting agency in a variety of situations, including after an adverse action has been taken.

Can a landlord receive a copy of a consumer or credit report, if the property manager was authorized to request and maintain those records?

Consumer reporting agencies may restrict the property manager from sharing copies of the reports with others; however, the FTC has stated that sharing reports may be acceptable where two users share the report for the same permissible purpose with the consumer’s consent.

While sharing may be permissible in this situation, the decision to share a copy of reports may hinge on other factors, like any privacy policy maintained by the property manager. Texas law requires individuals, like landlords or property managers, to have a privacy policy in place if they require a social security number to obtain goods or services from or enter into a business transaction with a person, like a tenant. The privacy policy must include certain information, like who has access to personal information. Therefore, if it is the property manager’s responsibility to screen the applicant, a property manager might have a privacy policy that limits the situation when copies of documents like consumer reports are made available to the landlord.

Regardless, property managers are free to discuss pertinent information related to a tenant with a landlord, particularly during the application process. This information could include subjects such as income, employment history, rental history, criminal history, the number of occupants, credit scores, and so on.

Can a homeowners’ association require a copy of a consumer report?

If the rental property is subject to mandatory membership in a homeowners’ association, under Texas law, the association cannot require a property owner, their agent, or an applicant or tenant, to provide a copy of the applicant’s or tenant’s consumer or credit report. Note, however, that this prohibition does not apply to condominium associations.

How long and in what way should consumer reports be retained?

Consumer reports must be stored in a secure place where only those who “need to know” have access and that the reports are only used for the permitted purpose. When considering how long to retain a consumer report, landlords or property managers may want to ensure they retain the reports and any related authorizations until the time period for filing a lawsuit or claim has ended. For a claim under the FCRA, the statute of limitations (i.e., the time period within which a claim can be brought) is the earlier of two years after the consumer discovers a violation, or five years after a violation occurs. A lawsuit under the Fair Housing Act has a two-year statute of limitation. Consumer reporting agencies may require the landlord or agent to keep records for a longer period. Agreements between the landlord and property manager may also determine how long records should be kept.

What are the laws regarding disposal of records?

Both state and federal law require that individuals must take appropriate or reasonable measures to protect against unauthorized access to sensitive consumer information, like consumer reports. All users of consumer reports must have in place procedures to properly dispose of records containing consumer information. Proper disposal can include burning, pulverizing, or shredding paper documents and disposing of electronic information so that it can’t be read or reconstructed.

See Appendix F for six new laws relating to property management and leasing.
Learning Objectives

After this chapter, you will be able to

→ Discuss how to advise clients regarding in-home surveillance whether they are buying or selling a home.
→ Recognize types of cyber fraud and how to protect yourself and your clients.

In-Home Surveillance

Both state and federal laws cover surveillance. Chapter 16.02 of the Texas Penal Code and federal law Electronic Communications Privacy Act (ECPA) prohibit audio monitoring or recording without the consent of at least one individual who is part of the conversation. Neither Texas law nor federal law allow audio monitoring or recording during a showing without the seller being present and participating in the conversation, even if the monitoring or recording was done inside the seller’s own home. Every seller with the capability of having audio monitoring or recording of persons in their home should seek the advice of competent legal counsel before performing any type of audio monitoring or recording.

Silent video is not prohibited by federal law except in places where an individual would have a reasonable expectation of privacy (for instance, a bathroom). Again, every seller with monitoring capability should seek competent legal counsel before videotaping persons in the home.

The fines are significant. Illegal recording is a felony offense in Texas and anyone who has been recorded could bring a civil suit against the seller, which could result in fines up to $10,000 per occurrence and other damages, court costs and attorney fees.
What should the license holder do when listing or showing a home where there might be in-home surveillance?

Sellers should be advised to seek the advice of an attorney before recording audio or video of the showings of their home.

Buyers should be advised to never make comments that could impact their negotiating position inside the home OR on the premises, AND should be advised to contact the security company after closing to make sure all the devices are either disabled or removed from the seller’s name and access.

See Appendix G for the article “Is Your Seller’s Surveillance Putting them at Risk” from Texas Realtor® magazine, November 2017.

Cyber Fraud

In recent years, fraudsters have increasingly targeted real estate transactions, and they have been so successful that wire fraud is now a multi-billion dollar industry. The perpetrators use various methods to deceive parties into wiring funds to fraudulent accounts, and they do not even need to hack into or gain unauthorized access to email accounts. Rather, they are able to intercept information sent over the internet. They are able to gather enough information about a transaction (such as the property address, the names of the parties, agents, and escrow officer, and the date and time of closing), to be able to effectively impersonate others involved in the transaction.

For example, the scam may look like this: a fraudster creates an email address that, on first glance, looks like it belongs to the escrow officer (e.g. janesmith@title-company.com). The buyer receives an email that purports to be from their escrow officer, Jane Smith, but the buyer does not notice that there is a “1” instead of an “l” in the word “title” in the email address. The fraudster’s email provides bogus wiring instructions for the closing, and the buyer wires their closing funds to the fraudulent account, thinking they have been sent to the title company. By the time the buyers realize the error, the funds may be overseas with no ability to get the funds back.

The more information the scammer has about the transaction, the more believable it is to the unsuspecting victim, so it is essential for real estate agents to be aware of how information sent over the internet can be used. Many title companies have policies that require the settlement statement/closing disclosure (amongst other documents) to be sent to the parties using special encryption software. Encryption programs allow information to be sent over the internet without being accessible by those that would intercept it. However, if the agent receives an encrypted attachment from the title company, but then forwards the document to the client unencrypted, the information is then exposed. If a fraudster has a settlement statement, they can craft a more specific email that also contains the exact amount of the funds the buyer needs to wire for closing.

It is in the best interest of all involved in a real estate transaction to be cautious about the details of a transaction that are sent over email. Real estate agents should inform their clients about the prevalence of wire fraud and ensure that they know to verify all wire instructions via known phone numbers. (It does not do any good to call the phone number found in the signature block of the “escrow officer” in the fraudulent email! The fraudsters are more than happy to confirm their intended destination!)

Wiring Funds or Cashier’s Checks

Real estate agents and their clients need to be aware of the potential of wire fraud and be cautious; however, wire transfer is a popular and legitimate form of transferring funds in a real estate transaction. With the potential of wire fraud, the client may prefer to use a cashier’s check to transfer funds. Ultimately, the client needs to follow the actual title company or escrow agent’s directions. Always double check any wiring instructions directly with the escrow agent by phone or in person.

Case Study 2

Follow the Rules

Capcor at KirbyMain LLC v. Moody National Kirby Houston, LLC, Court of Appeals, Texas, Houston (1st District) 509 S.W. 3d 379

Moody National Kirby Houston, L.L.P. (Moody Kirby) owned a vacant lot near the Texas Medical Center. Capcor agreed to purchase the land from Moody Kirby using a standard “Unimproved Property Contract” promulgated by the Texas Real Estate Commission. The contract specified a definite date for closing and provided that Buyer pay the Sales Price in good funds acceptable to the escrow agent. If a party failed to close the sale by the closing date, the other party was entitled to exercise its contractual remedies, which included terminating the contract and receiving the earnest money as liquidated damages.

The parties agreed to use Moody National Title

Avoiding Cyber Fraud

Just when you think you have learned everything you can to protect yourself and your clients, another scam appears. License holders should be aware of the types of cyber fraud and how to protect themselves and their clients.

Definitions

Cybercrime - criminal activities carried out by means of computers or the internet.
Spoofing - imitate something, a technique used to gain unauthorized access to computers where the intruder sends a message to a computer with an IP address indicating that the message is coming from a trusted source.

Wire Fraud - (man-in-the-middle attack) a hacker hijacks (spoofs) information between a trusted person and a network server and uses the information to replace the client’s IP address with its own IP address. The hacker then continues to communicate with the client (buyer or seller) and the communication still appears to be from a trusted source (real estate agent, title, mortgage, etc…). The FBI estimates from June 2016 to May 2018, there was a loss of more than $1.6 BILLION in the US alone.

Phishing - the fraudulent practice of sending emails purporting to be from a reputable company in order to induce individuals to reveal personal information, such as passwords and credit card numbers.

Social Engineering - the use of deception to manipulate individuals into divulging confidential or personal information that may be used for fraudulent purposes.

Malware - software that is intended to damage or disable computers and computer systems.

Ransomware - a type of malicious software designed to block access to a computer system until a sum of money is paid.

Typo Squatting - the purchase of misspelled versions of a popular domain names for the purpose of attracting visitors who make typographical errors when entering web addresses, so that hackers can introduce malware into the user’s computer.

Spyware - unwanted software that infiltrates your computer, stealing your internet usage data and sensitive information. It is a type of malware.

HOW do you protect yourself?

✓ THINK before you click on anything!
✓ Have MULTIPLE step authentications on all your accounts.
✓ Challenge telemarketers.
✓ If anyone initiates contact with you without your invitation, consider it a scam.
✓ Never sign into a public WIFI system.
✓ Be very careful when you type in website addresses.
✓ Do not download anything you were not expecting.
✓ Hover your cursor over the “from” email before you open it. Hover your cursor over any “click here” to be sure this is what you were expecting, if not, do NOT “click here”.
✓ Know that nothing is free.
✓ Back up your data.
✓ Install antivirus/anti-malware software.
✓ Keep your software updated.
✓ Make your passwords HARD and illogical. Change them often. Consider using a password manager.

In Closing…

At the closing table on a $450,000 cash transaction, when the title officer asks for the cashier’s check, you do not want to hear your buyer say, “I wired the funds to the title company 3 days ago, like your email said.”

_The FBI will now begin a relationship with you and your client!_

Why should I talk to my clients about flood insurance?

Flooding can happen anywhere at any time. You should encourage your clients to purchase flood insurance to protect their properties from flood damage and the economic devastation it can bring.

A property does not have to be near water to flood. In fact, more than 20 percent of all National Flood Insurance Program (NFIP) flood claims come from outside of the areas at the highest risk for flood (Special Flood Hazard Areas). Floods can result from storms, melting snow, hurricanes, drainage system backups, broken water mains, and changes to land from new construction, among other things.

It is important to let your client know that homeowner’s insurance policies typically do not cover floods. If a property is in a Special Flood Hazard Area or designated high-risk flood area, then federally regulated or insured lenders must require the buyer to purchase flood insurance as a condition of their mortgage loan.

Flood insurance can help with recovery regardless of whether there is a Presidential Disaster Declaration. In the event of flood, federal disaster assistance, such as individual assistance from FEMA, including federally funded grants, or loans from the U.S. Small Business Administration, offers very limited help following a flood loss. Such assistance is only available when there is an official Presidential Disaster Declaration for federal disaster assistance. Most federal disaster assistance comes in the form of low-interest disaster loans that recipients must repay with interest in addition to their existing mortgages, other loans, and debts.

Your client will never have to repay money received from a verified claim on their NFIP flood insurance policy.

Who can purchase flood insurance?

Anyone in a community that participates in the NFIP can purchase building and/or contents coverage, with few exceptions. Licensed insurance agents can tell you if a specific community participates in the NFIP Coastal Barrier Resources System Areas (CBRS), undeveloped coastal areas established for wildlife refuge, sanctuary, recreational, or natural resource conservation purposes (Otherwise Protected Areas), and buildings principally below ground or entirely over water may not be eligible for NFIP flood insurance coverage.

How do clients obtain a flood insurance policy?

The NFIP also has resources to help your client find an agent. Your client can visit fema.gov/nfip or call their local insurance agent for more information on purchasing a policy. Your client can purchase NFIP flood insurance from the many companies writing and servicing flood insurance on behalf of FEMA or from NFIP Direct. Only a licensed property and casualty insurance agent can sell NFIP flood insurance.

Regardless of who writes the policy, NFIP flood insurance is the same. The premium and amount of coverage for an individual risk policy is the same regardless of who the agent is.

There are other legal requirements to ensure that your client has flood insurance when they need it the most. If the mortgage company requires flood insurance as a condition of the loan, and the mortgage company escrows for other insurance premiums, the mortgage company must also escrow flood insurance premiums.
How much will flood insurance cost?

Flood insurance premiums will vary depending on the construction date and flooding risk for the building, among other things. A licensed insurance agent can provide a price quote and you should encourage a prospective buyer to get a quote for both building and contents coverage. In most cases, they are separate coverages with separate deductibles. Costs vary depending on whether the property falls within a flood risk designation. As an example, if your client’s property is outside the high-risk area, they may qualify for a Preferred Risk Policy that starts as low as $395 a year.

If FEMA maps your client’s property into a high-risk flood area, your client may need to obtain an Elevation Certificate (EC) to receive a flood insurance quote. To find out if a property already has an EC, contact the local building permit office, the local planning and zoning office, or the current owner or a flood insurance agent. If your client is unable to identify an existing EC for their property, the client may have to hire a licensed land surveyor, engineer, or architect to provide one. Should you or your client need more information about ECs, how the NFIP uses them, and why they may need one, visit fema.gov/media-library/assets/documents/32330.

When is the best time to buy flood insurance coverage?

Now! A flood can happen anywhere, at any time—even outside of high-risk flood areas. Additionally, there is typically a 30-day waiting period between submitting the policy application and premium and the policy effective date. However, there are exceptions to this rule. For example, if a buyer purchases an NFIP policy in connection with a loan closing, there is no waiting period.

If a seller transfers his/her policy to the new property owner, regardless of whether or not there is a mortgage involved, the policy will not lapse and coverage continues uninterrupted upon sale. Personal property coverage and building coverage for a property under construction do not transfer.

What are Special Flood Hazard Areas (SFHAs)?

These are the areas with the highest risk for floods or zones beginning with the letters A or V on Flood Insurance Rate Maps.

How will I know if a building is in an SFHA?

Your clients can check with their local community or visit fema.gov/nfip to learn more about their flood risk. Anyone can view and download flood maps from msc.fema.gov. Lenders will notify borrowers if they must purchase flood insurance as a condition of a mortgage loan.

Am I legally liable if I do not disclose the fact that a property is in a high-risk flood area?

Many states have disclosure laws for real estate professionals that address all natural hazards, including floods. Check with your local Board of Realtors for disclosure laws. You can better help your client understand flood risk by learning more about it yourself. Visit fema.gov/nfip to learn more about flood risk and NFIP flood insurance.
For more information about NFIP flood insurance, contact your insurer or agent, or call 1-800-427-4661.

If you are deaf/hard of hearing or have a speech disability and use relay services, call 711 from your TTY.

“(Note: Correct district name, tax rate, bond amounts, and legal description are to be placed in the appropriate space.) Except for notices included as an addendum or paragraph of a purchase contract, the notice shall be executed by the seller and purchaser, as indicated. If the district does not propose to provide one or more of the specified facilities and services, the appropriate purpose may be eliminated. If the district has not yet levied taxes, a statement of the district’s most recent projected rate of tax is to be placed in the appropriate space. If the district does not have approval from the commission to adopt and impose a standby fee, the second paragraph of the notice may be deleted. For the purposes of the notice form required to be given to the prospective purchaser prior to execution of a binding contract of sale and purchase, a seller and any agent, representative, or person acting on the seller’s behalf may modify the notice by substitution of the words ‘January 1, ______’ for the words ‘this date’ and place the correct calendar year in the appropriate space.”

(e) If the law relating to annexation or district dissolution is amended and causes inaccuracies in the content of the notices prescribed by this section, the district shall revise the content of the notices to accurately reflect current law.

(f) The notice required by this section shall be given to the prospective purchaser prior to execution of a binding contract of sale and purchase either separately or as an addendum or paragraph of a purchase contract. In the event a contract of purchase and sale is entered into without the seller providing the notice required by this subsection, the purchaser shall be entitled to terminate the contract. If, however, the seller furnishes the required notice at or prior to closing the purchase and sale contract and the purchaser elects to close even though such notice was not timely furnished prior to execution of the contract, it shall be conclusively presumed that the purchaser has waived all rights to terminate the contract and recover damages or other remedies or rights under the provisions of this section. Notwithstanding any provision of this subchapter to the contrary, all sellers, title companies, real estate brokers, and examining attorneys, and any agent, representative, or person acting on their behalf, shall not be liable for damages under the provisions of either Subsection (o) or (p) or liable for any other damages to any person for:

(1) failing to provide the notice required by this section to a purchaser prior to execution of a binding contract of a purchase and sale or at or prior to the closing of the purchase and sale contract when the district has not filed the information form and map or plat as required under Section 49.455; or

(2) unintentionally providing a notice prescribed by this section that is not the correct notice under the circumstances prior to execution of a binding contract of purchase and sale or at or prior to the closing of the purchase and sale contract.

(g) The purchaser shall sign the notice or purchase contract including such notice to evidence the receipt of notice.

(h) At the closing of purchase and sale, a separate copy of such notice with current information
shall be executed by the seller and purchaser, acknowledged, and thereafter recorded in the deed records of the county in which the property is located. For the purposes of this section, all sellers, title companies, real estate brokers, and examining attorneys, and any agent, representative, or person acting on their behalf, shall be entitled to rely on the accuracy of the information form and map or plat as last filed by each district under Section 49.455 or the information contained in or shown on the notice form issued by the district under Section 49.453 in completing the notice form to be executed by the seller and purchaser at the closing of purchase and sale. Any information taken from the information form or map or plat as last filed by each district and the information contained in or shown on the notice form issued by the district under Section 49.453 shall be, for purposes of this section, conclusively presumed as a matter of law to be correct. All subsequent sellers, purchasers, title insurance companies, real estate brokers, examining attorneys, and lienholders shall be entitled to rely upon the information form and map or plat filed by the district or the notice form issued by the district under Section 49.453.

(i) For the purposes of this section, an executory contract of purchase and sale having a performance period of more than six months shall be considered a sale under Subsection (a).

(j) For the purposes of the notice form to be given to the prospective purchaser prior to execution of a binding contract of sale and purchase, a seller and any agent, representative, or person acting in the seller’s behalf may modify the notice by substitution of the words “January 1, ___” for the words “this date” and place the correct calendar year in the appropriate space. All sellers, and all persons completing the prescribed notice in the seller’s behalf, shall be entitled to rely on the information contained in or shown on the information form and map or plat filed of record by the district under Section 49.455 in completing the prescribed form to be given to the prospective purchaser prior to execution of a binding contract of sale and purchase. Except as otherwise provided in Subsection (h), any information taken from the information form or map or plat filed of record by the district in effect as of January 1 of each year shall be, for purposes of the notice to be given to the prospective purchaser prior to execution of a binding contract of sale and purchase, conclusively presumed as a matter of law to be correct for the period January 1 through December 31 of such calendar year. A seller and any persons completing the prescribed notice in the seller’s behalf may provide more recent information, if available, than the information contained in or shown on the information form and map or plat filed of record by the district under Section 49.455 in effect as of January 1 of each year in completing the prescribed form to be given to the purchaser prior to execution of a binding contract of sale and purchase. Nothing contained in the preceding sentence shall be construed to create an affirmative duty on the part of a seller or any persons completing the prescribed notice in the seller’s behalf to provide more recent information than the information taken from the information form and map or plat filed of record by the district as of January 1 of each year in completing the prescribed notice to be given to the purchaser prior to execution of a binding contract of sale and purchase. All subsequent sellers, purchasers, title insurance companies, real estate brokers, examining attorneys, and lienholders shall be entitled to rely upon the information form and map or plat filed by the district.

(k) If such notice is given at closing as provided in Subsection (h), a purchaser, or the purchaser’s heirs, successors, or assigns, shall not be entitled to maintain any action for damages or maintain any action against a seller, title insurance company, real estate brokers, or lienholder, or any agent, representative, or person acting in their behalf, by reason of use by the seller of the information filed for record by the district or reliance by the seller on the filed plat and filed legal description of the district in determining whether the property to be sold and purchased is within the district. No action may be maintained against any title company for failure to disclose the inclusion of the described real property within a district when the district has not filed for record the information form, map, or plat with the clerk of the county or counties in which the district is located.

(l) Any purchaser who purchases any real property in a district and who thereafter sells or conveys the same shall on closing of such subsequent sale be conclusively considered as having waived any prior right to damages under this section.

(m) It is the express intent of this section that all
sellers, title insurance companies, examining attorneys, vendors of property and tax information, real estate brokers, and lienholders, and any agent, representative, or person acting on their behalf, shall be entitled to rely on the accuracy of the information form and map or plat as last filed by each district or the information contained in or shown on the notice form issued by the district under Section 49.453, or for the purposes of the notice to be given the purchaser prior to execution of a binding contract of sale and purchase the information contained in or shown on the information form and map or plat filed of record by the district in effect as of January 1 of each year for the period January 1 through December 31 of such calendar year.

(n) Except as otherwise provided in Subsection (f), if any sale or conveyance of real property within a district is not made in compliance with the provisions of this section, the purchaser may institute a suit for damages under the provisions of either Subsection (o) or (p).

(o) A purchaser of real property covered by the provisions of this section, if the sale or conveyance of the property is not made in compliance with this section, may institute a suit for damages in the amount of all costs relative to the purchase of the property plus interest and reasonable attorney’s fees. The suit for damages may be instituted jointly or severally against the person, firm, corporation, partnership, organization, business trust, estate, trust, association, or other legal entity that sold or conveyed the property to the purchaser. Following the recovery of damages under this subsection, the amount of the damages shall first be paid to satisfy all unpaid obligations on each outstanding lien or liens on the property and the remainder of the damage amount shall be paid to the purchaser. On payment of all damages respectively to the lienholders and purchaser, the purchaser shall reconvey the property to the seller.

(p) A purchaser of real property covered by the provisions of this section, if the sale or conveyance of the property is not made in compliance with this section, may institute a suit for damages in an amount not to exceed $5,000, plus reasonable attorney’s fees.

(q) A purchaser is not entitled to recover damages under both Subsections (o) and (p), and entry of a final decision awarding damages to the purchaser under either Subsection (o) or (p) shall preclude the purchaser from recovering damages under the other subsection. Notwithstanding any part or provision of the general or special laws or the common law of the state to the contrary, the relief provided under Subsections (o) and (p) shall be the exclusive remedies for a purchaser aggrieved by the seller’s failure to comply with the provisions of this section. Any action for damages shall not, however, apply to, affect, alter, or impair the validity of any existing vendor’s lien, mechanic’s lien, or deed of trust lien on the property.

(r) A suit for damages under the provisions of this section must be brought within 90 days after the purchaser receives the first district tax notice or within four years after the property is sold or conveyed to the purchaser, whichever time occurs first, or the purchaser loses the right to seek damages under this section.

(s) Notwithstanding any provisions of this subchapter to the contrary, a purchaser may not recover damages of any kind under this section if that person:

1. purchases an equity in real property and in conjunction with the purchase assumes any liens, whether purchase money or otherwise; and
2. does not require proof of title by abstract, title policy, or any other proof of title.

If the Property is subject to mandatory membership in a property owners association(s), Seller notifies Buyer under §5.012, Texas Property Code, that, as a purchaser of property in the residential community identified in Paragraph 2A in which the Property is located, you are obligated to be a member of the property owners association(s). Copies of the restrictive covenants and dedicatory instruments may be obtained from the county clerk. You are obligated to pay assessments to the property owners association(s). The amount of these assessments is subject to change. Your failure to pay the assessments could result in enforcement of the association’s lien and the foreclosure of the Property.

Section 207.003, Property Code, entitles an owner to receive copies of any document that governs the establishment, maintenance, or operation of a subdivision, including, but not limited to, restrictions, bylaws, rules and regulations, and a resale certificate from a property owners’ association. A resale certificate contains information including, but not limited to, statements specifying the amount and frequency of regular assessments and the style and cause number of lawsuits to which the property owners’ association is a party, other than lawsuits relating to unpaid ad valorem taxes of an individual member of the association. These documents must be made available to you by the property owners’ association or the association’s agent on your request.

ANNEXATION: If the Property is located outside the limits of a municipality, Seller notifies Buyer under §5.011, Texas Property Code, that the Property may now or later be included in the extraterritorial jurisdiction of a municipality and may now or later be subject to annexation by the municipality. Each municipality maintains a map that depicts its boundaries and extraterritorial jurisdiction. To determine if the Property is located within a municipality’s extraterritorial jurisdiction or is likely to be located within a municipality’s extraterritorial jurisdiction, contact all municipalities located in the general proximity of the Property for further information.

6. PROPERTY LOCATED IN A CERTIFICATED SERVICE AREA OF A UTILITY SERVICE PROVIDER: Notice required by §13.257, Water Code: The real property, described in Paragraph 1A, that you are about to purchase may be located in a certificated water or sewer service area, which is authorized by law to provide water or sewer service to the properties in the certificated area. If your property is located in a certificated area there may be special costs or charges that you will be required to pay before you can receive water or sewer service. There may be a period required to construct lines or other facilities necessary to provide water or sewer service to your property. You are advised to determine if the property is in a certificated area and contact the utility service provider to determine the cost that you will be required to pay and the period, if any, that is required to provide water or sewer service to your property. The undersigned Buyer hereby acknowledges receipt of the foregoing notice at or before the execution of a binding contract for the purchase of the real property described in Paragraph 2 or at closing of purchase of the real property.

7. The assessment may be due annually or in periodic installments. ☐ (1) Buyer accepts the Property As Is.
☐ (2) Buyer accepts the Property As Is provided Seller, at Seller’s expense, shall complete the following specific repairs and treatments: _____________________________________________.

If the parties do not agree to pay for the lender required repairs or treatments, this contract will terminate and the earnest money will be refunded to Buyer. If the cost of lender required repairs and treatments exceeds 5% of the Sales Price, Buyer may terminate this contract and the earnest money will be refunded to Buyer.

F. COMPLETION OF REPAIRS AND TREATMENTS: Unless otherwise agreed in writing: (i) Seller shall complete all agreed repairs and treatments prior to the Closing Date; and (ii) all required permits must be obtained, and repairs and treatments must be performed by persons who are licensed to provide such repairs or treatments or, if no license is required by law, are commercially engaged in the trade of providing such repairs or treatments. 12. SETTLEMENT AND OTHER EXPENSES:
    A. The following expenses must be paid at or prior to closing:
       (1) Expenses payable by Seller (Seller’s Expenses):
          (a) Releases of existing liens, including prepayment penalties and recording fees; release of Seller’s loan liability; tax statements or certificates; preparation of deed; one-half of escrow fee; and other expenses payable by Seller under this contract.
          (b) Seller shall also pay an amount not to exceed $__________, to be applied in the following order: Buyer’s Expenses which Buyer is prohibited from paying by FHA, VA, Texas Veterans Land Board or other governmental loan programs, and then to other Buyer’s Expenses as allowed by the lender.

Initialed for identification by Buyer: ___________ ___________ and Seller: ___________ ___________ TREC NO. 20-14
(2) Expenses payable by Buyer (Buyer’s Expenses): Appraisal fees; loan application fees; origination charges; credit reports; preparation of loan documents; interest on the notes from date of disbursement to one month prior to dates of first monthly payments; recording fees; copies of easements and restrictions; loan title policy with endorsements required by lender; loan-related inspection fees; photos; amortization schedules; one-half of escrow fee; all prepaid items, including required premiums for flood and hazard insurance, reserve deposits for insurance, ad valorem taxes and special governmental assessments; final compliance inspection; courier fee; repair inspection; underwriting fee; wire transfer fee; expenses incident to any loan; Private Mortgage Insurance Premium (PMI), VA Loan Funding Fee, or FHA Mortgage Insurance Premium (MIP) as required by the lender; and other expenses payable by Buyer under this contract.

B. If any expense exceeds an amount expressly stated in this contract for such expense to be paid by a party, that party may terminate this contract unless the other party agrees to pay such excess. Buyer may not pay charges and fees expressly prohibited by FHA, VA, Texas Veterans Land Board or other governmental loan program regulations.

13. PRORATIONS: Taxes for the current year, interest, maintenance fees, assessments, dues and rents will be prorated through the Closing Date. The tax proration may be calculated taking into consideration any change in exemptions that will affect the current year’s taxes. If taxes for the current year vary from the amount prorated at closing, the parties shall adjust the prorations when tax statements for the current year are available. If taxes are not paid at or prior to closing, Buyer shall pay taxes for the current year.

14. CASUALTY LOSS: If any part of the Property is damaged or destroyed by fire or other casualty after the Effective Date of this contract, Seller shall restore the Property to its previous condition as soon as reasonably possible, but in any event by the Closing Date. If Seller fails to do so due to factors beyond Seller’s control, Buyer may (a) terminate this contract and the earnest money will be refunded to Buyer (b) extend the time for performance up to 15 days and the Closing Date will be extended as necessary or (c) accept the Property in its damaged condition with an assignment of insurance proceeds, if permitted by Seller’s insurance carrier, and receive credit from Seller at closing in the amount of the deductible under the insurance policy. Seller’s obligations under this paragraph are independent of any other obligations of Seller under this contract.

15. DEFAULT: If Buyer fails to comply with this contract, Buyer will be in default, and Seller may (a) enforce specific performance, seek such other relief as may be provided by law, or both, or (b) terminate this contract and receive the earnest money as liquidated damages, thereby releasing both parties from this contract. If Seller fails to comply with this contract, Seller will be in default and Buyer may (a) enforce specific performance, seek such other relief as may be provided by law, or both, or (b) terminate this contract and receive the earnest money, thereby releasing both parties from this contract.

16. MEDIATION: It is the policy of the State of Texas to encourage resolution of disputes through alternative dispute resolution procedures such as mediation. Any dispute between Seller and Buyer related to this contract which is not resolved through informal discussion will be submitted to a mutually acceptable mediation service or provider. The parties to the mediation shall bear the mediation costs equally. This paragraph does not preclude a party from seeking equitable relief from a court of competent jurisdiction.

17. ATTORNEY’S FEES: A Buyer, Seller, Listing Broker, Other Broker, or escrow agent who prevails in any legal proceeding related to this contract is entitled to recover reasonable attorney’s fees and all costs of such proceeding.

18. ESCROW:
   A. ESCROW: The escrow agent is not (i) a party to this contract and does not have liability for the performance or nonperformance of any party to this contract, (ii) liable for interest on the earnest money and (iii) liable for the loss of any earnest money caused by the failure of any financial institution in which the earnest money has been deposited unless the financial institution is acting as escrow agent.
   B. EXPENSES: At closing, the earnest money must be applied first to any cash down payment, then to Buyer’s Expenses and any excess refunded to Buyer. If no closing occurs, escrow agent may: (i) require a written release of liability of the escrow agent from all parties, (ii) require payment of unpaid expenses incurred on behalf of a party, and (iii) only deduct from the earnest money the amount of unpaid expenses incurred on behalf of the party receiving the earnest money.
   C. DEMAND: Upon termination of this contract, either party or the escrow agent may send a release of earnest money to each party and the parties shall execute counterparts of the release and deliver same to the escrow agent. If either party fails to execute the release, either party may make a written demand to the escrow agent for the earnest money. If only one party makes written demand for the earnest money, escrow agent shall promptly
provide a copy of the demand to the other party. If escrow agent does not receive written objection to the demand from the other party within 15 days, escrow agent may disburse the earnest money to the party making demand reduced by the amount of unpaid expenses incurred on behalf of the party receiving the earnest money and escrow agent may pay the same to the creditors. If escrow agent complies with the provisions of this paragraph, each party hereby releases escrow agent from all adverse claims related to the disbursement of the earnest money.

D. DAMAGES: Any party who wrongfully fails or refuses to sign a release acceptable to the escrow agent within 7 days of receipt of the request will be liable to the other party for (i) damages; (ii) the earnest money; (iii) reasonable attorney’s fees; and (iv) all costs of suit.

E. NOTICES: Escrow agent’s notices will be effective when sent in compliance with Paragraph 21. Notice of objection to the demand will be deemed effective upon receipt by escrow agent.

19. REPRESENTATIONS: All covenants, representations and warranties in this contract survive closing. If any representation of Seller in this contract is untrue on the Closing Date, Seller will be in default. Unless expressly prohibited by written agreement, Seller may continue to show the Property and receive, negotiate and accept back up offers.

20. FEDERAL TAX REQUIREMENTS: If Seller is a “foreign person,” as defined by Internal Revenue Code and its regulations, or if Seller fails to deliver an affidavit or a certificate of non-foreign status to Buyer that Seller is not a “foreign person,” then Buyer shall withhold from the sales proceeds an amount sufficient to comply with applicable tax law and deliver the same to the Internal Revenue Service together with appropriate tax forms. Internal Revenue Service regulations require filing written reports if currency in excess of specified amounts is received in the transaction.

   A. BUYER APPROVAL (Check one box only):
      (1) This contract is subject to Buyer obtaining Buyer Approval. If Buyer cannot obtain Buyer Approval, Buyer may give written notice to Seller within ______ days after the effective date of this contract and this contract will terminate and the earnest money will be refunded to Buyer. contract shall no longer be subject to the Buyer obtaining Buyer Approval. Buyer Approval will be deemed to have been obtained when (i) the terms of the loan(s) described above are available and (ii) lender determines that Buyer has satisfied all of lender’s requirements related to Buyer’s assets, income and credit history.

☐ This contract is not subject to Buyer obtaining Buyer Approval.

B. A. The Buyer shall have the privilege and option of proceeding with consummation of the contract without regard to the amount of the appraised valuation or the reasonable value established by the Department of Veterans Affairs.

B. If FHA financing is involved, the appraised valuation is arrived at to determine the maximum mortgage the Department of Housing and Urban Development will insure. HUD does not warrant the value or the condition of the Property. The Buyer should satisfy himself/herself that the price and the condition of the Property are acceptable.

C. If VA financing is involved and if Buyer elects to complete the purchase at an amount in excess of the reasonable value established by the VA, Buyer shall pay such excess amount in cash from a source which Buyer agrees to disclose to the VA and which Buyer represents will not be from borrowed funds except as approved by VA. 5. AUTHORIZATION TO RELEASE INFORMATION:

Chapter 92 of the Texas Property Code allows a tenant to terminate the lease early in situations where the tenant is a victim of family violence, if a tenant complies with specific requirements, including providing the landlord with a copy of a certain documentation.

This bill expands the types of documentation that a tenant can provide to a landlord as proof to terminate the lease. The new categories include a copy of: (i) an order of emergency protection; (ii) documentation from a licensed health or mental care services provider who examined the victim; or (iii) a victim’s advocate (as that term is defined in Chapter 93 of the Texas Family Code).

This bill also adds that these types of documentation would be sufficient in a cotenant family violence situation (where a tenant does not have to provide the 30-day written notice of termination).

4. **SB 1414** Relating to fees regarding a residential tenant’s failure to timely pay rent. Effective September 1, 2019.

SB 1414 amends the section in Chapter 92 of the Texas Property Code regulating fees for the late payment of rent.

While the bill continues to require that any late fee be reasonable, the bill establishes a “safe harbor” where if late fees do not exceed a certain percentage, the fee is deemed reasonable under the law.

While the bill continues to require that any late fee be reasonable, the bill establishes a “safe harbor” where if late fees do not exceed a certain percentage, the fee is automatically considered reasonable under the law.

Under the safe harbor, for a rental dwelling located in a structure with no more than four dwelling units, a late fee is considered reasonable if the fee is not more than 12% of the amount of
rent for the rental period under the lease (ex. The tenant’s monthly rent is $1,000. The tenant fails to timely pay rent. To fall under the safe harbor, the total amount of late fees the landlord collects for that late rent payment should be no more than $120.). For a rental dwelling located in a structure that contains more than four dwelling units, a late fee is considered reasonable if the fee is not more than 10% of the amount of rent for the rental period under the lease.

Even if a late fee exceeds those amounts, the fee can still be considered reasonable, as long as the fee is not more than uncertain damages to the landlord related to the late payment of rent, including things like overhead associated with the collection of late payment.

Finally, the bill allows a tenant to request that the landlord provide a written statement of whether the tenant owes a late fee to the landlord and, if so, the amount of the late fee. The landlord must provide the statement to the tenant through an established means regularly used for written communication between the landlord and the tenant. A landlord’s failure to respond, however, doesn’t affect the tenant’s liability for any late fee owed to the landlord.

5. **HB 302** Relating to the carrying, storage, or possession of a firearm or firearm ammunition by certain persons on certain residential or commercial property. Effective September 1, 2019.

This bill creates a defense under various criminal trespass laws protecting owners of condominiums (and their tenants and guests), as well as residential tenants and tenants occupying a manufactured home lot (and their guests), from prosecution for lawfully carrying or storing a firearm or ammunition in or on the property, in a vehicle, or directly en route to the property or vehicle.

Unless possession of a firearm or ammunition on the property is prohibited by state or federal law, a condo owner, guest or tenant of the owner, or guest of a tenant can’t be prohibited from lawfully possessing, carrying, transporting, or storing a firearm or ammunition: (1) in the property; (2) in a vehicle located in the parking area; or (3) in other locations controlled by the landlord necessary to enter or exit. This prohibition does not affect the enforceability of a provision in a lease agreement entered into or renewed before September 1, 2019.

6. **SB 772** Relating to evidence in certain civil actions of a person’s failure to forbid handguns on certain property. Effective September 1, 2019.

This bill provides that a failure to post a sign or card (see Tex. Penal Code § 30.06 and § 30.07) or otherwise forbidding the carrying of a handgun on a property cannot be used as evidence in a trial (or support a lawsuit) against a person or business who owns, controls, or manages the property, where the trial is based on an injury occurring on the property.
Selling a home can be frustrating to homeowners. They’re asked to allow strangers into their home. They may never receive feedback and are left to wonder, “Why didn’t that last buyer bite?” What do anxious sellers do? They get an extra set of ears.

Many homeowners have installed security cameras and smart-home devices. These installations can be an ultra high-tech security system or a simple baby monitor, and they all can be abused.

A number of notable cases have emerged where sellers listened to a potential buyer’s showing. Sometimes it’s to gain advantage in negotiations, while other times it’s simply to better stage the property. So, can a seller covertly record or monitor a buyer’s showing?

The rules in Texas
Both the Federal Electronic Communications Privacy Act (ECPA) and Section 16.02 of the Texas Penal Code prohibit audio recordings without the consent of at least one individual who is part of the conversation. The Texas rule, commonly referred to as the one-party rule, requires at least one party to consent to recording conversations.

What that rule allows is any individual to covertly—and legally—record his own conversations with a broker, neighbor, or other party. Whenever you speak, it’s best to follow the old saying: Say what you mean and mean what you say. The other person in the conversation may be recording every word.

Why a seller cannot record audio of a showing
Texas law does not allow audio recording or audio monitoring of conversations that you are not a part of. If the seller is not present and participating in the showing, he cannot record it. Even though the conversation happens inside a seller’s home, he is prohibited from recording any conversations that he is not a part of.

Buyers have an expectation of privacy that their conversations during a showing are only between the parties participating in those discussions.
But what about video?
Many homes today have security cameras installed that record video. Some have audio recording, similar to a baby monitor, and some without.

The ECPA does not prohibit video recording. In fact, silent video—like from security cameras—is generally allowed as long as it isn’t in an area where an individual would have a reasonable expectation of privacy. For instance, silent bathroom video recording is not allowed. But silent video recording of the foyer, kid’s playroom, exterior of a home, and a garage are likely permitted.

Is your listing breaking the law?
Most professional alarm and security camera installers are familiar with the law. Normally, they install video cameras without audio and are leery to place inside cameras in any location other than a foyer.

However, when your seller is a do-it-yourselfer, you may want to ask questions. Have sellers tell you what the system will record. If audio is recorded, the seller may have a problem. If it is silent video, have sellers show you where the cameras are located. Make sure they aren’t video recording in a private area, such as a bathroom. Courts have traditionally upheld individual privacy rights over the property rights in a residential home. Consider limiting the use of cameras to the exterior of the residence.

Violating state and federal recording laws can involve criminal penalties. In addition, Texas, like many states, recognizes several types of common law invasion of privacy claims. At its essence, invasion of privacy protects a person against unreasonable intrusion upon his seclusion, solitude, or private affairs. Even though recording may be in the seller’s house, courts have found that a visiting party can have a valid claim when the homeowner overreaches.

Illegal recording is a felony offense in Texas, and anyone who has been recorded in violation of the law can bring a civil suit to recover $10,000 for each occurrence, actual damages in excess of $10,000, punitive damages, attorney’s fees, and court costs.

Help your sellers avoid criminal or civil liability by encouraging them to concentrate on feedback given with consent and leave the mics and hidden cameras out.

HELP YOUR BUYERS BE SMART ABOUT SURVEILLANCE

- Don’t discuss confidential negotiations within a home.
- Be careful about over-enthusiasm of particular features in a residence.
- Realize that most video recordings are legal. You and your client’s body language and gestures sometimes tell more than you think.
- If talking on the telephone, make sure that the owner’s neighbors can’t overhear your conversations. Neighbors are often nosier than the owner.
- If you are really worried that someone is playing unfair, turn on a faucet. The audio tones from running water create white noise that masks voice tones and makes it difficult for microphones to do their job.

Don’t be too paranoid. Be security smart, but don’t let it ruin your real purpose to be at the house.

If a seller is not present and participating in the showing, he cannot record audio ... even if the conversation happens inside the seller's home.
